

Surya Prakash

Technical Support Engineer

"The only way to discover the limits of the possible is to go beyond them into the impossible."

- Arthur C. Clarke

BIO

Surya began his professional career as a Technical Support Engineer. During his university days, he focused on the manufacturing of Biomedical Implants using Additive Manufacturing. He enjoys challenging himself to the test and learning new technological concepts and tools.

GOALS

- Empower Ansys users with Skills and Simulation Knowledge
- Continuous learning and strive towards Perfection
- Making a difference

Ansys EXPERIENCE

Surya was exposed to Ansys during his engineering days, and it has been a part of his life ever since. As a Technical Support Engineer, he continues to learn and apply what he has acquired to solve complex problems.

SPECIALTIES

- Additive Manufacturing
- Numerical Methods
- Dynamics
- Scrum Practitioner

RESEARCH INTERESTS

- Biomedical
- Aerospace
- Consumer Products and Manufacturing

PROFESSIONAL

EDUCATION

Bachelors in Mechanical Engineering, IIT Tirupati

PERSONAL

INTERESTS

STEM, Sports, Trekking, Travelling

LANGUAGES

English, Telugu, Tamil

COMPETENCIES

SIMULATION

ENGINEERING

LEADERSHIP

Ansys PHYSICS
