

**Vijay Prithiv**

Senior Technical Support Engineer

"Understanding complex phenomena is fun and insightful with simulations."

## BIO

Vijay is a passionate Mechanical Engineer who enjoys interacting with customers, gather requirements, troubleshoot, and provide smooth customer onboarding and customized workflow deployment.

## GOALS

- Invest in customer onboarding and enable customer self-service.
- Promote the use of simulation tools in Product Development.
- Collaborate and achieve big.

## ANSYS EXPERIENCE

Vijay embarked his journey with Ansys in March 2021 as a Technical Support Engineer II with the Installation and Licensing team. His pre-sales experience in Computer Aided Engineering software along with knowledge in Network troubleshooting, deployment techniques and High Performance Computing makes him a versatile member of the team. He is now a Senior Technical Support Engineer working with a team of skilled Engineers, providing the best support to the Ansys customer base.
