

Ilker Ustoglu

Associate Professor

BIO

Ilker Ustoglu received a B.Sc. degree in electrical engineering from Istanbul Technical University (ITU), Turkey, in 1997, an M.Sc. degree in control and computer engineering from ITU, in 1999, and a Ph.D. degree in control and automation engineering from ITU in 2009. He is with the Control and Automation Engineering Department at ITU.

RESEARCH INTERESTS

- Mathematical Control Theory
- Flight Control Systems
- Railway Systems
- Functional Safety

PROFESSIONAL

EDUCATION

PhD in Control and Automation Engineering, ITU

Masters in Control and Computer Engineering, ITU

Bachelors in Electrical Engineering, ITU

PERSONAL

LANGUAGES

Turkish, English
